

The excitement of change and the promise of growth. That's what you'll find in today's dynamic energy industry and in a career with Dominion.

Job Title: Gas Operations Engineer

Location: Delmont, PA

Requisition Number: 11648BR

Job Summary: Dominion Gas Transmission has an exciting Engineering II position available.

As our Engineer II you will develop, design, analyze, evaluate, and recommend construction, operating, and maintenance proposals by applying engineering theories, principles, and practices that contribute to efficient, safe, reliable, and profitable natural gas storage and transmission operations.

Knowledge, Skills, & Abilities:

- Four-year accredited Engineering degree (or four-year accredited Engineering Technology degree with Professional Engineer's license) and knowledge of engineering principles, standards, and practices
 - Three or more years related work experience
 - Ability to perform effectively in a fast-paced, multitasking environment
 - Ability to independently plan and organize work schedule
 - Ability to communicate effectively and develop rapport with internal and external customers
 - Ability to manage and supervise projects and make independent decisions
 - Ability to operate a personal computer
- Preferred:
- Five to seven years related experience
 - Work experience in field operations and facilities construction in natural gas industry
 - Knowledge of DOT pipeline safety regulations and related codes/standards
 - Engineer-in-Training certificate or Professional Engineer's license.

EDUCATION: Bachelor's in Engineering

Dominion® is one of the nation's largest producers and transporters of energy, with a portfolio of approximately 26,500 megawatts of generation, 1.1 trillion cubic feet equivalent of proved natural gas and oil reserves and 14,000 miles of natural gas transmission, gathering and storage pipeline. Dominion also owns the nation's largest underground natural gas storage system and operates more than 975 billion cubic feet of storage capacity, and serves retail energy customers in 11 states. Come experience the excitement of our company--it's the difference between taking a job and starting a career.
