A. Responsibilities

To keep appraised of the latest developments in materials, supplies, construction equipment and technology used in the distribution, transmission, production or sale of natural gas, and to keep member companies informed.

B. Duties

1. Develop programs to assist Corporate Member companies and committees in the knowledge of material, supplies, and equipment used in the natural gas industry.
2. To foster activities among Affiliate Members to further the common business and technical interest of Corporate Member companies of the Association
3. Keep abreast of and inform Corporate Member companies of market developments, new products, price trends, and availability of items for purchase.
4. Execute other assignments and conduct studies as requested by the Trustees.
5. Periodically review and update the responsibilities and duties of this committee
