A. Responsibilities

To keep apprised of changes in codes, regulations, the regulatory environment, and events or activities that could affect member companies and their relationship with the various regulatory agencies and the public.

B. Duties

1. Monitor all proposed rules and regulations promulgated to impact the natural gas pipeline industry.
2. Keep member companies informed of changes in laws, rules or regulations which may affect their operations with respect to pipeline or public safety.
3. Respond, when appropriate, to requests for comment at both state and federal pipeline safety levels for the Association, and assist member companies with their responses.
