

About the Event

Our seminar will cover a diverse array of timely topics that are critical to today's operating environment in the natural gas industry.

Our Affiliate members will conduct a display of their products and services. The display features natural gas related exhibits and gives attendees the opportunity to discuss the latest in product and service technologies.

If you have any questions, please call us at (614) 659-5990 and be sure to check out our website at www.ohiogasassoc.org.

We hope to see you in March!
