2015 Technical Seminar & Affiliate Display Speaker Bios

Keynote Speaker – Thursday, March 26th at 11am

Rhonda Reda

Executive Director, Ohio Oil and Gas Energy Education Program

Rhonda L. Reda serves as Executive Director of the Ohio Oil and Gas Energy Education Program (OOGEEP) and the Ohio Oil and Gas Energy Education Foundation (Foundation). Ms. Reda helped form the organization in 1997. Prior to OOGEEP, Ms. Reda served as Vice President, Internal Affairs and Public Information for the Ohio Oil and Gas Association for more than a decade. Ms. Reda has also worked for several oil and gas companies including CGAS Exploration, Inc., Phillip Brown Oil Well Services, Inc., and Halwell/ Energy Omega, Inc. Collectively, she has more than twenty five years of experience in the crude oil and natural gas industry.

Ms. Reda currently serves on the Public Outreach Committee of the Interstate Oil and Gas Compact Commission (IOGCC) and the Communications Committee for the Independent Petroleum Association of America (IPAA). She is an active member of the Independent Petroleum Association of America, the Society of Petroleum Engineers and the Ohio Geological Society. Recently, Ms. Reda served on the White House Task Force on Energy Education, and has received numerous state and national awards for OOGEEP's efforts including: Ohio Oil and Gas Association's Oilfield Patriot Award, American Association of Petroleum Geologists' Eastern Section's Presidential Award for Public Outreach, Friend of Science Award from the Science Council of Ohio, EPA's Ohio Environmental Education Award for Outstanding Program, World Oil Runner Up for Best Public Outreach Program, Ohio Department of Natural Resources' Minerals Education Award, Southeastern Ohio Oil and Gas Association's Work Horse Award, and the Interstate Oil and Gas Compact Commission's Public Outreach Stewardship Award. Ms. Reda is a graduate of both Ohio University and Edison State College. She lives with her husband of 26 years, and their daughter and son.

Thursday, March 26th – Scarlet Session 1:00pm

Damage Prevention

Dave Celona

Strategic Impact Consulting, LLC

Dave Celona has more than 20 years of experience in the public and private sectors. In 2009 he founded Strategic Impact Consulting, a public policy and advocacy consultancy practice advising both for-profit and non-profit organizations, primarily in the energy, utility, economic development and infrastructure spaces. A current sampling of SI Clients includes Duke Energy, Duke Energy Retail, IGS Energy, the Ohio Gas Association, Time Warner Cable, the Ohio Cable Telecommunications Association, the University of Toledo, the Northwest Ohio Solar Hub, MedImmune, RW Armstrong, People Working Cooperatively and ARMADA. Celona is also a principal in an alternative energy project development firm that is responsible for the development of the largest solar electricity project east of the Rocky Mountains – Turning Point Solar (49.9 MW).

Previously, Celona spent nearly a decade as an executive officer of two of the nation's largest electric utilities (American Electric Power and Duke Energy) leading the environmental, economic development, regulatory, legislative, community development, communications and philanthropic functions.

Celona also served for a decade as a senior leader in the public sector serving on an Ohio Governor's Senior Staff as the Executive Assistant for Business and Industry and Legislative Director as well as Chief of Staff of the Ohio Department of Transportation.

Celona has served on numerous non-profit boards including the Cincinnati Zoo, Children's Hunger Alliance (Chair), Cincinnati Arts and Technology Center, Salvation Army and the Foundation for Appalachian Ohio. He is a past Chair of the Ohio Electric Utility Institute. He also serves on the Ohio University Public Affairs Advisory Council and is a former Ohio University State Government Alumni of the Year Award recipient. Celona has earned an M.B.A. from the Fisher School of Business at The Ohio State University, an M.A. in International Relations from Ohio University and a B.A. in Government from the University of Notre Dame.

Roger Lipscomb

Ohio Utilities Protection Service

Mr. Roger Lipscomb has served as the President of the Ohio Utilities Protection Service since January 2006. Prior to joining O.U.P.S., Mr. Lipscomb acted as the Director of Operations for De-Tech, Inc., an underground utility protection organization operating throughout the Mid-West and Mid-Atlantic states. While at De-Tech, Mr. Lipscomb served as the One Call Center and Damage Prevention Council liaison on behalf of De-Tech's customers throughout his multi-state area of responsibility. Mr. Lipscomb has quite a diverse utility management background, having been employed in and exposed to virtually all facets of the utility environment. Mr. Lipscomb's experience has further allowed O.U.P.S. the versatility to provide quality support to the excavation, construction, utility management, and damage prevention industries.

Thursday, March 26th – Gray Session 1:00pm

Cybersecurity and Information Sharing

Thomas Pearce Public Utilities Commission of Ohio

Thomas Pearce serves as Chair of the NARUC Staff Subcommittee on Critical Infrastructure, providing leadership on issues involving critical utility infrastructure for the gas, electric, water, and telecommunications sectors. Having previously served as Chair of NARUC's Staff Subcommittee on Gas, Thom also serves as a member of the U.S. Department of Energy/NARUC LNG (Liquefied Natural Gas) Partnership and as a member of the Advisory Council for the North American Energy Standards Board (NAESB; an energy standards-setting organization). He has participated in international partnerships with regulatory commissions from India, the Ukraine, and Ghana, helping them to develop their utilities and economic climate. Through programs funded by the U.S. Agency for International Development (US AID), Thom has lectured about natural gas markets to the Energy Regulators Regional Association (ERRA, the governmental energy regulatory bodies from Central and Eastern Europe) at their Tariff & Pricing meetings in Chisinau, Moldova (Sept. 2006), in Zagreb, Croatia (Sept. 2004), and in Kyiv, Ukraine (Sept. 2003). In April 2007, he was part of a US delegation to address the Government of Ghana at its Energy Conference held in Accra, Ghana, as part of a partnership with Ghana 's Public Utility Regulatory Commission, the Ministry of Energy, and the Energy Commission. Additionally, Thom regularly lectures at the Institute for Public Utilities' Annual Regulatory Studies ("Camp") Program, as well as with the Wisconsin Public Utility Institute's Energy Basics Program.

A Senior Utility Specialist for the Public Utilities Commission of Ohio (PUCO), Thom serves as the PUCO's policy expert on issues related to natural gas markets, forecasting, strategic planning, prices, and local distribution company (LDC) management and operations. Furthermore, Thom serves the State of Ohio as an Emergency Responder, assisting the PUCO's involvement at the state's Emergency Operations Center when activated by the Governor.

Thom earned his Juris Doctorate from Capital University Law School , Columbus , Ohio , and his Bachelor of Science in Petroleum Engineering from Marietta College , Marietta , Ohio . Involved in his community, Thom serves as a member of the board of directors of his local United Way and as an elected member of the board of education for his local school district.

Operator Qualification: Helping Contractors to Comply with Your Program

Amy Folz

Vectren Energy Delivery

Amy Folz began her career at Vectren in 2008 in the Technical Training department. She is a Certified Professional in Learning and Performance (CPLP) and a Professional in Human Resources (PHR). Amy manages Vectren's Technical Training Program, which includes gas & electric apprenticeship training, advanced curriculum and content development, e-learning, business update communications and business continuity planning. Amy leads the Operator Qualification compliance program and processes for Vectren and its contractors, including relationships with the state regulators in Indiana and Ohio. She is a member of the Society of Human Resource Management, the Association for Talent Development and the National Association of Professional Women.

Nancy Conder

Vectren Energy Delivery

Nancy Conder is the Manager of Quality and Program Performance for Vectren in Evansville, Indiana. She has been with Vectren for a little over two years. Prior to working within the Utility industry, Nancy worked in the Pharmaceuticals and Pulp & Paper industries in various leadership roles with a focus on regulatory compliance, project management, and engineering. She has a BS in Mechanical Engineering and a MBA with a focus in Finance. She is married with four children. Nancy and her husband, Tim, have a residential painting and drywall business in Henderson, Kentucky.

When Can a Leak be Cleared?

Ron Six

RMSix Consulting Services, LLC

Ron Six, RM Six Consulting Services, LLC, has trained over 30,000 gas company employees over the past 25 years and has given presentations at hundreds of industry workshops. Ron recently retired from AEGIS Insurance Services - Loss Control Division where he was employed as a Sr. Utility Consultant for the past 15 years. Prior to joining AEGIS, Ron spent 30 years with Heath Consultants Inc. Ron is a past member of the OGA Board of Directors and a recipient of the OGA Founders Award. Ron is a veteran of the US Army and is a graduate of Hocking College (Forestry 70') and Lackawanna College (Business 78'). Ron and his wife, Kathy, reside in Reynoldsburg, OH.

Thursday, March 26th – Gray Session 3:15pm

Documenting Atmospheric Corrosion Inspections

Gina Rundo

Dominion East Ohio

GinaMarie G. Rundo joined Dominion East Ohio Gas in 2009. In her current role at the company, Ms. Rundo manages atmospheric corrosion inspections and remedial activities while also supporting operational procedures to improve processes for corrosion and leak detection. Notable compliance-driven projects deployed include aboveground pipeline inspections and line-marker maintenance using RFID technology, which was featured in the 2014 Ohio Gas Association Magazine and at the American Gas Association Conference. She is a graduate of the University of Indianapolis.

Distracted Driving and You

Lieutenant Lawrence Roseboro Ohio State Highway Patrol

Lieutenant Lawrence H. Roseboro is a 25-year member of the Ohio State Highway Patrol, and currently serves as the Special Projects Coordinator in the Office of Field Operations.

A member of the 118th OSP Academy class, Lieutenant Roseboro received his commission in November 1989. His first assignment was the Mt. Gilead Post where he served for 6½ years.

He was promoted to the rank of Sergeant in February 1996, and served 1½ years at the Marysville Post. He transferred to the Circleville Post in December of 1997, where he served for 2½ years. Lieutenant Roseboro transferred to the Ohio State Patrol's Training Academy in February 2000 to July of 2004.

Lieutenant Roseboro then transferred to the Granville Highway Patrol Post where he served six years as the commander.

In July of 2010, he transferred to the Office of Field Operation's Licensing and Commercial Standards, where he served as the commander of that unit for the Columbus District.

In July of 2013, he transferred to his current position at the Patrol's General Headquarters.

He was awarded Mt. Gilead Post Trooper of the Year in 1993. Lieutenant Roseboro has received the Division's Fitness Award annually from 1993 until present. Lieutenant Roseboro is involved with the local Boy Scouts of America (Simon Kenton Chapter) and is also a member of Kappa Alpha Psi Fraternity Inc.

A native of Masury, Ohio, Lieutenant Roseboro is a graduate of Brookfield High School and holds a Bachelor of Arts degree from Kent State University in Police Science. He has completed the Administrative Officer Course from The Southern Police Institute at The University of Louisville and the North American Standards course for commercial motor vehicles. Lieutenant Roseboro resides in the Columbus area. He enjoys various sport and fitness activities, attending sporting events, traveling and spending time with friends and family.

Lessons Learned: CNG Stations

Dave Mrowzinski **IGS Energy**

Dave Mrowzinski has worked at IGS companies for the past seven years and currently is the Program Manager for IGS CNG Services. Throughout his career at IGS, Dave has gained in-depth knowledge and experience in financial hedging, gas transportation, project management, gas marketing and the Compressed Natural Gas industry. Dave currently oversees the development and strategic build out of IGS CNG stations. Utilizing his in-depth understanding of CNG, Dave understands both the technical and financial aspects of building, owning and operating CNG stations which he applies daily in his current role. Dave earned his degree in Business Administration from The Ohio State University with a specialization in Transportation Logistics and also holds several CNG industry related training certificates.

Joe Komara **Utility Pipeline LTD.**

Joe has received a Bachelor of Science degree in Business Management from Indiana University of Pennsylvania and a Master of Business Administration degree from Wheeling Jesuit University. Previous management positions have been with Mountaineer Gas in West Virginia, Northeast Ohio Natural Gas Corporation and Consumers Gas Cooperative in Ohio. Joe joined UPL in the spring of 2014 and is currently responsible for the construction, measurement/regulation, field service, and purchasing functions across the system

Environmental Pipeline: Flowing with New Requirements

Andrew Shroads SC&A

Andrew Shroads is a Senior Air Quality Specialist and Midwest Regional Manager of SC&A, Inc., a nuclear, energy, and environmental consulting firm. For the past fifteen years, he has worked in a variety of environmental jobs, including at a now-defunct steel mill, as a professional firefighter, as the Chief Inspector of the Cleveland Division of Air Quality, and as an environmental consultant. He has a degree in Chemistry but does not own a white laboratory coat. He has worked on projects for the U.S. Department of Energy, International Atomic Energy Agency, the U.S. and Ohio Environmental Protection Agencies, and private clients. His oil and gas experience includes: drilling and completion (mostly in the western U.S.), natural gas processing and storage, trans-continental pipelines, and changing the oil in his car.

Mr. Shroads has presented at several national and regional conferences on greenhouse gas and air quality topics impacting the energy and oil and gas sectors, to favorable reviews. He is a Qualified Environmental Professional, a certified Professional Firefighter (Level II), an Authorized Chemical-terrorism Vulnerability Information (CVI) user, and a member of Little Orphan Annie's Radio Secret Society (with decoder pin). He currently serves on the board of the Westerville Library Foundation and is the immediate past President of Blendon-Westerville Little League. He resides in Westerville, Ohio with his wife and two daughters, winning multiple awards for "Best Costumed Family" at Halloween.

Mobile Data Capture: The New Standard in Information Management

Daniel Meredith

Celerity Consulting Group

Daniel Meredith is Vice President, Engineering Services at Celerity Consulting Group where he leverages his experience at Montana-Dakota Utilities and Cascade Natural Gas to help gas utility and gas transmission companies plan and execute a wide variety of projects including MAOP verification, class location determination and validation, leak survey, leak repair data review, pipeline patrol, data validation and normalization, maintenance record collection and analysis, data request response preparation and review, project management, process definition, SAP data normalization, document review and redaction, and many other subject areas. In his previous positions, Mr. Meredith was responsible for broad areas of engineering and operations services, including pipeline safety and compliance, engineering, measurement, gas control, GIS/mapping, corrosion control, major project construction and fabrication, land and right-of-way, environmental permitting and sites, third-party operations services and industrial gas sales. Mr. Meredith holds a Bachelor of Science degree in mechanical engineering and a Master of Business Administration from the University of Washington, as well as a Professional Engineering license in mechanical engineering from the State of Washington.

Norman Yee

Celerity Consulting Group

Norman Yee is Vice President and Chief Operating Officer of Celerity Consulting Group, Inc. Mr. Yee has over 23 years of information management experience assisting clients with researching, developing, and implementing state-of-the-practice data management solutions in a variety of industries. Mr. Yee has supported some of the nation's largest gas utilities with collecting, analyzing and improving the quality of critical data. He has significant experience merging process workflow with technology to improve efficiency, data integrity, and system reliability for compliance, operations, and integrity management departments. Mr. Yee has consulted with and trained attorneys, judges, arbitrators, engineers, and compliance officers on a wide range of matters including mobile technology, electronic discovery, and computer forensics. He has presented numerous CLE and educational seminars on the intersection of technology, business needs and legal requirements. Mr. Yee graduated from the University of California at Berkeley with a Bachelor of Science degree in Business Administration with a dual emphasis in Finance and Accounting.
